THE ASSISTANT COMMISSIONER FOR PATENTS
Washington, D.C. 20231

Dear Sir:

In response to the Office Action, dated October 11, 2002, please consider the following remarks.

Attached hereto, as requested by the Examiner, are additional sequence listings for the above patent application, in compliance with 37 CFR 1.821 - 1.825. In particular, this sequence listing is for those sequences contained in claims 11, 25, 37, and 42, which did not appear in the paper copy or in the CRF copy of the sequence listing. A computer-readable diskette, which contains the sequence listing in ASCII format is also enclosed, along with a written sequence listing which is identical to the electronic sequence listing. These sequence listings correspond to the sequence listings contained in the above-cited application and as such, no new matter is introduced as a result of these corrections.

Respectfully submitted,
